

Commissions:

A Deeper Explanation

Disclaimer

The information that I will be sharing with you all is still relatively experimental and may change at any moment. Whether it be new additions or things I find unnecessary about the system.

Important Terminology

Agent: An SIT member certified to take on commissions.

Commission: A task in which an Agent can complete in exchange for money or CS hours.

Class/Rank: Denotes the Agent's level of expertise and experience (lower the number the better!).

Public Class vs. Private Class

Public Class

- Can only be issued by adults.
- Any Agent can participate in these.
- Only CS hours can be given as compensation.
- Will be public on our platforms.
- Interested Agents must RSVP 1-2 days before the commission is set to take place.
- Several Agents can be deployed.
- If the commission is Program-based and you take AP CS, it may count as AP with WE credit (unsure)

Private Class

- Can be issued by anyone.
- Requires a minimum rank of "B5" to participate in any.
- Agents can receive money from Private Class commissions.
- Postings will only appear on the website.
- Only 1 Agent can be assigned (2 max if absolutely necessary).

How to achieve ranks

In order to rank up, an Agent needs to do a certain \$ amount worth of commissions. In the case of CS hours, they will translate to \$15/hour.

Achieving the higher ranks will be *extremely difficult* although the journey to the Ss won't be as hard if you can prove to us that you have the skillset to perform Private Class commissions.

Ranks past “A5**” are merely for vanity, though it indicates one's superior experience.**
